DETAILED ACTION

Continued Prosecution Application

1. The request filed on 03/15/2001 for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/432944 is acceptable and a CPA has been established. An action on the CPA follows.
2. The Examiner has carefully considered Applicant's remarks of the last office action, since there were no new amendments to the claims, and the arguments present by Examiner Davis are in full agreement with myself also, being that virtually any printed coating would have variations in dimension that would only be visible with the aid of a magnifying device at least to the degree claimed in the instant Application. Claim 1 is so broad and vague that they virtually read upon any coated adhesive layer because any coating (continuous or not) has an irregular surface appearance if examined with sufficient magnification. Thus, the Examiner is of the opinion that the present claims do not define the claimed invention over the prior art.

Claim Rejections - 35 USC § 103

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 1-15 and 32-43 are rejected under 35 U.S.C. 103(a) as being unpatentable over EP "570 to Bridgestone as set forth in the previous office action.
5. All claims are drawn to the same invention claimed in the parent application prior to the filing of this Continued Prosecution Application under 37 CFR 1.53(d) and could have been finally rejected on the grounds and art of record in the next Office action. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action after the filing under 37 CFR 1.53(d). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1771

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
